In connection with opening an account with Unison to speculate in, and/or purchase, and/or sell, Forex, Contracts for Differences (hereinafter referred to as "CFDs"), Options (hereinafter referred to as "Options") and Spread Betting, in commodities, metals, currencies and indices, and the receipt of such other services and products as Unison may, in its sole discretion, determine to offer from time to time in the future, Customer acknowledges that it has been advised and understands the following factors concerning trading in the over the counter market ("OTC") and/or Spread Betting market, in addition to those contained in the Risk Disclosure Statement which has been provided to Customer. IMPORTANT NOTICES

OTC trading means that trading does not take place on a regulated exchange. There are no guarantees as to the credit worthiness of the counter party of your Forex, CFDs, Options and Spread Betting position. Also, there may be certain cases in which trading liquidity decreases, causing Forex, CFDs, Options and Spread Betting in commodities, currencies, metals and indices to cease, thereby preventing the liquidation of an adverse position which may result in a substantial financial loss.

Unison does not provide investment advice. The market recommendations, signals, information provided by and/or distributed by Unison are general in nature and based solely on the judgment of Unison's personnel or from third party information providers. These market recommendations may or may not be consistent with the market position or intentions of Unison, its affiliates, and/or employees. The market recommendations and information provided by Unison are based upon information believed to be reliable, but Unison cannot and does not guarantee the accuracy or completeness thereof or represent that following such recommendations will eliminate the risk inherent in trading Forex, CFDs, Options and Spread Betting. Any market recommendations of, or information provided by, Unison does not constitute an offer to buy or sell, or the solicitation of an offer to buy or sell, any OTC transaction. Customer understands and hereby agrees that Customer is capable of, and solely responsible for, assessing the merits and risks of any trade it may enter into with Unison.

Customer understands that Unison does not permit its Customer representatives to either exercise discretion or manage an OTC account. If Customer's account is not being traded with Customer's authorisation, Customer must notify Unison immediately.

Unison's margin policies and/or the policies of those banks/clearing houses through which trades are executed may require that additional funds be provided to properly margin Customer's account and Customer is obligated to immediately meet such margin requirements. Failure to meet margin calls may result in the liquidation of any open positions with a resultant loss. Unison reserves the right to refuse to accept any order.

Customer understands that it must carefully review the reports relating to Customer's trading posted online by Unison. All reports of execution and statements of accounts will be deemed final unless customer objects within two business days of being posted. Objections may be made initially by email or by telephone, but must be confirmed thereafter in writing.

Customer understands that Unison may establish rules and provisions for client accounts, including but not limited to minimum account size, investment time period, commissions and fees, leverage size per instrument, mark ups, rules relating to stop losses and limits, rules relating to rollovers, rules relating to margin calls, or any other financial arrangement, and that such rules and provisions may be changed by Unison from time to time.

Customer has read and understands the Customer's obligations and rights under this Customer Agreement and agrees and acknowledges that this Customer Agreement, the Risk Disclosure Statement and the Privacy Statement will comprise the terms of the Customer's relationship with Unison. The Customer agrees that Customer is fully responsible for making all decisions as to

transactions effected for Customer's account. Customer has considered the foregoing factors and in view of Customer's present and anticipated financial resources, Customer is willing and able to assume the substantial financial risks of OTC trading.

IT IS THE CUSTOMER'S RESPONSIBILITY TO FIND OUT ALL NECESSARY INFORMATION ABOUT TRADING IN FOREX, CFDs, OPTIONS AND SPREAD BETTING AND UNISON TERMS AND CONDITIONS AND MAKE SURE THAT ALL RISKS AND ARRANGEMENTS ARE DISCUSSED AND CLEARLY UNDERSTOOD PRIOR TO ANY TRADING ACTIVITY.

18. DISCLAIMER OF WARRANTIES / LIMITATION OF LIABILITY

18.1 Unison and/or any of its subsidiaries, affiliates or agents shall not be responsible for any loss or damage caused, directly or indirectly, by any events, actions or omissions beyond the control of Unison including, without limitation, loss or damage resulting, directly or indirectly, from any delays or inaccuracies in the transmission of orders and/or information due to breakdown or failure of transmission or communication facilities, or electrical power outage.

18.2 Neither Unison nor any of its subsidiaries, affiliates or agents warrants that the trading platform or any services provided (including Third Party Licenses) will be Available without interruption or will be error free and such trading platform and services are being provided "AS IS" without any representation or warranty of any kind whatsoever except as otherwise set forth herein.

18.3 Under no circumstances shall Unison or any of its subsidiaries, affiliates or agents be liable for any direct, indirect, punitive, incidental, special, or consequential damages that result from the use of, or inability to use, Unison's trading platform or services (including Third Party Licenses) including but not limited to lost profits, loss of business, trading loss, loss of data or use of data, any unauthorized access to, alteration, theft or destruction of Customer's computers, computer systems, data files, programs or information, or costs of procurement of substitute goods or services.

18.4 Customer agrees that this section represents a reasonable allocation of risk, that this section is an essential element of this Agreement and that in its absence; the economic terms of this Agreement would be substantially different.

18.5 This limitation applies whether the alleged liability is based on contract, tort, negligence, strict liability, or any other basis, even if Unison or any of its subsidiaries, affiliates or agents has been advised of the possibility of such damage.

18.6 Neither Unison nor any of its subsidiaries, affiliates or agents has liability or duty of indemnification related to unusable data, lost or corrupt Customer transactions or data, by whatever means, in whatever form.

18.7 This limitation of liability additionally eliminates any duty or liability on the part of Unison or any of its subsidiaries, affiliates or agents related to unusable data, lost or corrupt Customer transactions or data, resulting in part or in whole from third-party software or networking goods or services or from internet related problems or from actions or events outside of Unison's control.

18.8 Unison and its subsidiaries, affiliates and agents disclaim any and all liability resulting from or related to any breach of internet security or disruption, distortions or delays of Customer's connections to the internet, due to any reason.

18.9 As OTC is not an exchange traded market, prices at which Unison deals at or quotes may or may not be similar to prices at which other OTC market makers deal at or quote.

18.10 Should a quoting or execution error occur, which may include, but are not limited to, a mistype of a quote, a quote that is not representative of fair market prices, an erroneous price quote from a dealer or erroneous price quote due to failure of hardware, software or communication lines or systems or inaccurate external data feeds provided by third-party vendors, Unison will not be liable for the resulting errors in account balances. Without derogating from the above, in the event that transactions shall be closed or opened based on the Erroneous Quote, Unison's trading room attempts to recognize such event and to act promptly to reset such event. Customer acknowledges that the reset process may take time, during which Customer may not be able to use its trading account, and outstanding orders may not be executed.

18.11 In case Unison will identify an erroneous quote or an outdated quote, it may offer the Customer an alternative quote or alternatively to continue the transaction, all at the sole discretion of Unison.

18.12 Customer further acknowledges that Uni, its subsidiaries, affiliates and agents shall not be liable for any loss or damage caused due to or in connection with such reset process.

18.13.3 We provide no express or implied warranty, indemnity or support for the Third Party Licenses, and will have no liability related thereto.

18.13.4 "Third Party Licenses" means licenses from third parties governing third party software embedded or used in the trading platform.

19. FOREX, CFDs, OPTIONS AND SPREAD BETTING FLUCTUATION RISK

19.1 If Customer directs Unison to enter into any Forex, CFDs, Options and Spread Betting transaction:

(i) Any profit or loss arising as a result of a fluctuation in Forex, CFDs, Options and Spread Betting will be entirely for Customer's account and risk;

(ii) All initial and subsequent deposits for margin purposes shall be made in U.S. Dollars, EUROs, Great British Pounds or Japanese Yen in such amounts as Unison may in its sole discretion require; and

(iii) Unison is authorized to convert funds in Customer's account for margin into and from such foreign currency at a rate of exchange determined by Unison in its sole discretion on the basis of the then prevailing money market rates.

20. INDEMNIFICATION

20.1 Customer agrees to indemnify and hold Unison, its subsidiaries, affiliates, agents, employees, agents, successors and assigns ("Uni Indemnities") harmless from and against any and all liabilities, losses, damages, costs and expenses, including attorney's fees, incurred by any of Unison indemnities arising out of Customer's failure to fully and timely perform Customer's obligations herein or under any Third Party License or should any of Customer's representations and warranties fail to be true and correct.

20.2 Customer also agrees to pay Unison indemnities promptly all damages, costs and expenses, including attorney's fees, incurred in the enforcement of any of the provisions of this Agreement and any other agreements between Unison and Customer.

20.3 In addition to any limitations of liability specified elsewhere in this Agreement, Unison indemnities shall not be held liable and are released from all claims and losses incurred in such regard if the claim or loss was caused or contributed to by:

(i) The actions or omission to act on the part of Customer,

(ii) Any act or omission by any person obtaining access to Customer's account, whether or not Customer has authorized such access or not,

(iii) System malfunction, equipment failure (whether Customer's equipment or Unison's equipment), system interruption or system unpredictability,

(iv) Delays, failure or errors in implementing any instruction,

(v) Inaccurate or incomplete instructions received by Unison's from Customer, or

(vi) Any reliance or use by Customer or any other third party with access to Customer's account of any financial and market data, quotes, news, analyst opinions, research reports, graphs or any other data or information whatsoever Available through the trading platform or any Third Party License, whether to complete a transaction on the trading platform or for any other purpose whatsoever.

20.4 Unison shall be entitled to set-off Customer's liabilities under this section from Customer's account.

21. MARKET ABUSE AND MANIPULATION

21.1 PROHIBITION ON ARBITRAGE AND MANIPULATION

21.1.1 Unison does not permit the practice of arbitrage when trading and strictly forbids any form of manipulation of its prices, execution, and platform or making transactions based on errors, omissions or misquotes on the Unison platform.

21.1.2 Price latency, connectivity delays, and price feed errors sometimes create a situation where the prices displayed do not accurately reflect market rates. The concept of arbitrage and "scalping", or taking advantage of these Internet delays, cannot exist in an OTC market where the client is buying or selling directly from the market maker.

21.1.3 Any transactions that rely on price latency or price feed errors may be subject to intervention which includes the right to void any transactions which Unison has determined to be a result of any of these practices, revocation of profits, widening of spreads, block of trading and any other necessary corrections or adjustments on the account without prior notice.

21.1.4 If Unison suspects or has reason to believe that Customer has abused the terms and conditions by hedging positions internally (using other trading accounts held with Unison) or externally (using other trading accounts held with other brokers), Unison reserves the right to cancel any trades or profits associated with Customer's account(s).

21.2 MARKET ABUSE

21.2.1 Unison may hedge our liability to you by opening analogous positions with other institutions or in the underlying market. The result of our doing this is that when you trade with us your trades can, through our hedging, exert a distorting influence on the underlying market for that index, in addition to the impact that it may have on our own prices. This creates a possibility of market abuse.

21.2.2 Customer represents and warrants, and agrees that each such representation and warranty is deemed repeated each time Customer opens or closes a position that:

(a) Customer will not place and has not placed a trade with us relating to a particular index or any other CFD price if to do so would result in Customer, or others with whom Customer is acting in concert together, having an exposure to the price of the underlying financial instrument which can create a situation of market abuse. This exposure can be equal to or exceeding the amount of a declarable interest in the relevant financial instrument. For this purpose, the level of a declarable interest will be the prevailing level at the material time, set by law or by the stock exchange(s) or other exchange upon which the underlying financial instrument is traded; and

(b) Customer will not place and has not placed a trade with us in connection with:

(i) a placing, issue, distribution or other analogous event; (

ii) an offer, take over, merger or other analogous event; or

(iii) any other corporate finance style activity, in which Customer is involved or otherwise interested;

and

(c) Customer will not place or close a position and Customer will not place an order that contravenes any primary or secondary legislation or other law against insider dealing or market manipulation. Customer agrees that Unison may proceed on the basis that when Customer opens or closes a position or places an order on a share price, Customer may be treated as dealing in securities within the meaning of the relevant statutes or regulations.

21.2.3 In the event that (a) Customer places or closes any trade or places an order in breach of the representations and warranties given, or Unison has reasonable grounds for suspecting that Customer may have done so, Unison may at our absolute discretion and without being under any obligation to inform Customer of our reason for doing so close that trade and any other trade or trades that you may have open at the time, if applicable, and also at our absolute discretion cancel any trades or profits associated with Customer's account(s)

21.2.4 Customer acknowledges that trade are speculative arrangements and Customer agrees that Customer will not enter into any transactions with us in connection with any corporate finance style activity.

21.2.5 Customer acknowledges that it would be improper for Customer to deal in the underlying market if the sole purpose of such a transaction was to impact on our bid or offer prices, and Customer agrees not to conduct any such transactions.

22. EXECUTION OF ORDERS, STOP AND LIMITS

22.1 Unison will use commercially reasonable efforts to complete all orders which it may, in its sole discretion, choose to accept in accordance with the oral or written or computer instructions of Customer.

22.2 Unison reserves the right to refuse to accept any order.

22.3 Unison may, at its sole discretion, allow Customer to specify a closing price for a transaction at the trading platform through a "Close at Loss" and "Close at Profit" order, subject always to the terms of this Agreement and any other terms and conditions Unison may implement from time to time.

22.3.1 "Close at Loss" means an offer to close a transaction at a price determined in advance by Customer which, in the case of a transaction that is opened by offering to buy a specific number of a certain instrument, is lower than the opening transaction price, and in the case of a transaction that is opened by offering to sell a specific number of a certain instrument, is higher than the opening transaction price.

22.3.2 "Close at Profit" means an offer to close a transaction at a price determined in advance by Customer which, in the case of a transaction that is opened by offering to buy a specific number of a certain instrument, is higher than the opening transaction price, and in the case of a transaction that is opened by offering to sell a specific number of a certain instrument, is lower than the opening transaction price.

22.4 Upon Customer's offer and Unison's acceptance of an order, Customer hereby authorizes Unison to close the transaction at the Close at Loss price or Close at Profit price, as applicable, and as agreed upon in the order, without further instruction from or notification to Customer.

22.5 Unison may, in its sole discretion, close the transaction when the price quoted by Unison on the trading platform equals the price accepted by Unison for such an order.

22.6 Customer acknowledges and agrees that Unison shall not be obligated to close a transaction which does not otherwise comply with any other limitations agreed upon with respect to such transaction.

22.7 Customer acknowledges and agrees that due to market volatility and factors beyond Unison's control, Unison cannot guarantee that a Close at Loss order will be executed at the level specified in Customer's order. In such an event, Unison will close the transaction at the next best price.

22.8 If, before Customer's "Limit Order" offer to open or close a transaction is accepted by Unison, Unison's quote moves to Customer's advantage (for example, if the price goes down as Customer buys or the price goes up as Customer sells) Customer agrees that Unison will execute the closing transaction at the Customer's specified price and not better. Customer agrees that Unison can retain such price movement for its own account.

22.9 Customer is aware that a part of Unison's revenues derives from the spreads on each transaction. The spread is the difference between the bid & the ask price of the price quote on a transaction. Therefore, in case the fair market price reduces Unison's spread in a specific transaction, Unison may, at its sole discretion, choose not to execute such transaction, in which case Unison may send Customer an amended quote for his consideration. Unison may complete a transaction at its sole discretion in case the fair market price does not affect Unison's spread from the transaction and / or increases it.

23. RISK ACKNOWLEDGMENT

23.1 Customer acknowledges that investment in leveraged and non-leveraged transactions are speculative, involves a high degree of risk, and is appropriate only for persons who can assume risk of loss of their entire margin deposit.

23.2 Customer understands that because of the low margin normally required in OTC trading, price changes in OTC may result in significant losses.

23.3 Customer warrants that Customer is willing and able, financially and otherwise, to assume the risk of OTC trading, and in consideration of Unison's carrying his/her account(s), Customer agrees not to hold Unison and any of its subsidiaries, affiliates or agents responsible for any losses incurred by Customer.

23.4 Customer recognizes that guarantees of profit or freedom from loss are impossible in OTC trading.

23.5 Customer acknowledges that Customer has received no such guarantees from Unison or from any of its representatives or any introducing agent or other entity with whom Customer is conducting his/her Unison account and has not entered into this agreement in consideration of or in reliance upon any such guarantees or similar representations.

23.6 The high degree of leverage that is obtainable in the trading of Forex, CFDs, Options and Spread Betting transactions can work against you as well as for you. Leverage can lead to large losses as well as gains.

23.7 During times of extreme volatility it can be difficult or impossible to execute orders.

24. MARKET RECOMMENDATIONS AND INFORMATION

24.1 Customer acknowledges that:

(i) Any market recommendations, signals and information communicated by any method of communication to Customer by Unison and any of its subsidiaries, affiliates, agents or by any person within Unison does not constitute an offer to sell or the solicitation of an offer to buy any OTC contract, and that Unison does not provide investment advice

(ii) Such recommendation and information, although generally based upon information obtained from sources believed by Unison to be reliable, may be based solely on a broker's opinion and that such information may be incomplete and may be unverified, and

(iii) Unison makes no representation, warranty or guarantee as to, and shall not be responsible for, the accuracy or completeness of any information or market recommendation furnished to Customer and shall not be responsible for any loss or damage including without limitation any loss of margin or profits which may arise directly or indirectly from use or reliance on such recommendations or information.

24.2 Customer understands that Customer is solely responsible for assessing the merits and risks of any trade it may enter into with Unison whether as a result of information provided by Unison or otherwise.

24.3 Customer acknowledges that Unison and/or its officers, directors, affiliates, associates, stockholders or representatives may have a position in or may intend to buy or sell Forex, CFDs, Options and Spread Bets, which are the subject of market recommendations furnished to Customer, and that the market position of Unison or any such officer, director, affiliate, associate, stockholder or representative may not be consistent with the recommendations furnished to Customer by Unison.

24.4 Customer acknowledges that Unison makes no representations concerning the tax implications or treatment of any trading activity.

25. CUSTOMER REPRESENTATIONS AND WARRANTIES

25.1 Customer represents and warrants that:

26.2 In the event that Customer designates its account as an Islamic account, Customer may not keep transactions in such account open for more than 5 days and may not otherwise abuse such benefit.

26.3 Unison reserves the right to cancel the aforesaid benefit at any time and take any action necessary in Unison's absolute discretion due to abuse of this benefit.

26.4 Such actions may include, without limitation, the designation of the Islamic Account as a regular account and retroactively effecting required adjustments (e.g., setting off amounts from the account equal to amounts paid by Unison as interest), cancellation of transactions, and adjustment of account balances.

27.1 The Customer represents and warrants that the financial information disclosed to us in his/its Application is an accurate representation of the Customer's current financial condition.

27.2 The Customer represents and warrants that the Customer has very carefully considered the portion of the Customer's assets which the Customer considers to be risk capital.

27.3 The Customer recognizes that risk capital is the amount of money the Customer is willing to put at risk and the loss of it would not, in any way, change the Customer's lifestyle.

27.4 The Customer agrees to immediately inform us if the Customer's financial condition changes in such a way to reduce the Customer's net worth, liquid assets and/or risk capital.

28. NO SEPARATE AGREEMENTS

28.1 Customer acknowledges that Customer has no separate agreement with Unison or any of its employees or agents regarding the trading in Customer's Unison account, including any agreement to guarantee profits or limit losses in Customer's account.

28.2 Customer understands that Customer must authorize every transaction prior to its execution unless Customer has delegated discretion to another party by signing Unison's limited trading authorization or as otherwise agreed in writing with Unison, and any disputed transactions must be brought to the attention of Unison's Compliance Officer pursuant to the notice requirements of this Customer Agreement.

30.7 Customer acknowledges that it or the Trading Agent may elect to use an automated trading system. Customer acknowledges that Unison does not take any responsibility for any such system.
